

**DEPARTMENT OF HIGHER EDUCATION,
RESEARCH, SCIENCE AND
TECHNOLOGY**

PRESS RELEASE

**NATIONAL SELECTIONS RESULTS FOR 2024
NEW INTAKES**

The Department of Higher Education, Research, Science, and Technology is pleased to announce the release of the National Selection results for the upcoming academic year 2024.

As part of our commitment to transparency and accountability, the National Selection process is conducted online through the National Online Selection System (NOSS). Successful Grade 12 School Leavers have met the essential admission criteria and secured a ranking within the allocated quota for their chosen study program.

For those who have been selected, please take note of the following key information:

1. Forwarded Personal Details:

- The personal details submitted during the application process have been transmitted to the respective Higher Education Institution (HEI) that selected the applicant.

2. Admissions Offer Letter:

- Anticipate receiving an admissions offer letter directly from the chosen Higher Education Institution. The institution will communicate specific details regarding your acceptance.

3. TESAS (Tertiary Education Student Assistance Scheme) Eligibility:

- If the selected study program is eligible for National Government scholarship awards through TESAS, you may qualify for financial support.
- Check your TESAS status in the National Selection List.

- Log in to the NOAS (apply.dherst.gov.pg) and review the MyStatus section by the third week of January 2023 for scholarship access details.

For Grade 12 School Leavers who were not selected, please be aware of the following:

Your application has been successfully transferred to the National Online Selection System (NOSS) Admissions Pool. In the event that a Higher Education Institution did not achieve full yield in the National Selections, your application may be considered from within the NOSS Admissions Pool. Please check the MyStatus section on the NOAS platform from December 2023 to March 2024.

If your GPA is below 2.0, the likelihood of consideration from the National Admission Pool may be limited. We highly recommend considering an academic upgrade with the intention to reapply for further studies as a Non-School Leaver. Do not lose hope; your educational journey can continue.

On behalf of the Department of Higher Education, Research, Science, and Technology (DHERST), we extend warm wishes for a joyous Christmas and a prosperous New Year.

May this festive season bring you and your loved ones an abundance of God's blessings, inner peace, boundless happiness, and continued good health. May the spirit of the holidays fill your hearts with gratitude and joy.

Wishing you a Merry Christmas and a Happy New Year!

Sincerely,

Professor Fr Jan Czuba
A/Secretary

A handwritten signature in black ink, appearing to be 'Fr Jan Czuba', written over the typed name. The signature is stylized with a large loop at the top and a long vertical stroke extending downwards.
